REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The instant application discloses a filter and processing sequence that combines and performs two or more tasks required to demodulate a composite 3G wireless signal. A search of prior art records failed to teach a filter comprising: "an equal ripple linear phase recursive filter channelizer performing simultaneous spectral translation and bandwidth reduction of multiple channels, an equal-ripple linear phase recursive filter interpolator for performing sample rate changes, whereby the equal ripple linear phase recursive filter channelizer performs the processing tasks required to operate multiple channels, including spectral translation, bandwidth reduction, sample rate changes, and outputs a separate time series for each channel in the composite 3-G wireless communications signal" as disclosed in claim 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

CONCLUSION

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lawrence B Williams whose telephone number is 571-272-3037.
